

Nevastane Degreaser Spray

DESCRIPTION

- Multipurpose, NSF- A8,K1-certified degreaser
- Nevastane Degreaser Spray is formulated without MOAH, ensuring food safety in compliance with Commission Recommendation (EU) 2017/84.

APPLICATIONS

- Food-grade solvents for cold degreasing of metals and light alloys in contact with food products
- Recommended in canneries, bakeries, abattoirs, etc
- Shake the aerosol before use – Spray from a 15-25 cm distance
- Let the product stand for 30 to 60 seconds
- Wipe with a dry and clean cloth

CAUTION

Due to the container and the presence of solvents:

- Keep away from heat, sparks, and flames.
- Do not expose to heat and temperatures exceeding 50°C.
- Even when empty, do not puncture or incinerate the container.

Keep away from daylight, dust, and humidity.

Shelf life: 5 years from date of manufacture.

ADVANTAGES

- Aromatics-free, bromine & chlorine compounds-free
- No risk of corrosion on polished or fragile surfaces
- Non-flammable propellant gas: CO2
- Can be used upside-down for an easier manipulation of the spray

This lubricant used as recommended and for the application for which it has been designed does not present any particular risk. A material safety data sheet conforming to the regulations in use in the E.C. can be obtained from your local commercial adviser or downloaded at www.quick-fds.com.

TYPICAL CHARACTERISTICS

PROPERTIES	NEVASTANE DEGREASER SPRAY	UNITS	STANDARDS
Color	Colorless	-	Visual
Density at 20°C	0.76	-	ISO 3675
Kinematic viscosity at 40 °C	1.5	mm ² /s	ASTM D 445
Flash point	56	°C	-
Autoignition temperature	>200	°C	ASTM E 659
Freezing point	<-50	°C	ASTM D 1177
Evaporation rate (n-Butyl acetate = 1)	0.09	-	DIN 53170

This lubricant used as recommended and for the application for which it has been designed does not present any particular risk.
